Therapeutic Sensory Cabin

Hydrotherapy

The water massage relieves physical tension, helps you rest better, and improves circulation.

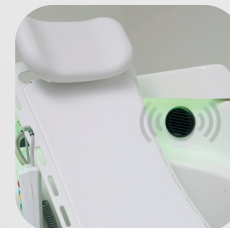

Aromatherapy

Essential oils stimulate memory and reduce stress, creating emotional well-being.

Chromotherapy

Soft, enveloping lights create an ambience that balances emotions and fosters calm.

Music therapy

Melodies activate well-being neurotransmitters, reducing anxiety and modulating emotions.

Safety

Reduces risks and removes barriers, creating an accessible, stable environment for a safer shower.

Autonomy

Restores control and privacy, enabling people to shower alone or with minimal help, with full dignity.

Sensory Space

Water, light, aroma, and music integrate subtly to relax, balance emotions, and reconnect.
